

Pamela Leggett's Two-Day Jeans Techniques and Pattern Fitting

INFORMATION AND REGISTRATION FORM

WHAT: Nationally renowned educator Pamela Leggett is coming to Tucson to teach her two-day jeans workshop. The first day, Pamela teaches detailed construction techniques and each participant makes a sample jeans front and back. The second day, Pamela fits participants and identifies alternations needed on their tissue pattern. Alterations are made in class, and each participant leaves with a completed, fitted pattern. Pamela will have a pop-up store for shopping! See the attachment for Pamela's detailed description of the two-day class and supply list.

WHEN and WHERE: February 13 – 14, 2026, from 9 am to 5 pm each day at Cathey's Down the Block, 5851 E Speedway Blvd. Location of the pop-up store will be announced soon.

IS THE CLASS DIFFICULT? The techniques Pamela teaches are not beginner techniques. The first day involves sewing and you should be an "advanced beginner or better" to feel comfortable – but challenged – in the class. Be sure you are familiar with your sewing machine as you will use a variety of sewing machine feet, sewing stitches, needles, etc. The second day Pamela will use Palmer Pletsch tissue fitting methodology to custom fit a pattern for each participant. IT IS HIGHLY RECOMMENDED YOU ATTEND THE GARMENT SPECIAL INTEREST GROUP MEETING FEBRUARY 2, 2026 AT 2:00 – 3:30 PM AT CANYON DEL ORO BIBLE CHURCH, 9200 N. ORACLE RD. At this meeting, Kathy King will review the tissue fitting process and supplies necessary for the second day with Pamela. This is a great refresher for the Garment Group and a necessary orientation for those not familiar with the Palmer Pletsch methodology.

WHO CAN ATTEND: This workshop is **LIMITED TO TWENTY ASG MEMBERS**. Registration forms **MUST BE MAILED to the ASG mailbox** as the first twenty forms with check received will be registered in the class, as determined by postal stamp. Attendance is for both days. A wait list will be established.

PRICE INCLUDES: Class instruction for both days (\$100), techniques kit for first day (\$45), pattern (\$30), two lunches (\$30). Techniques kit and pattern are mandatory and will be handed out at the class. Total cost is \$205. Cut off for registration is January 23, 2026. No refunds. Mail the attached form:
